Kathy Schulda called the meeting to order at 8:43 am. The Board reviewed the meeting minutes of March 05, 2015. Cristine Boyd made a motion to accept the minutes as presented. Dan Brokos seconded.

Tim Kasper, representing the Community Evaluation and Accomplishments Committee, made a presentation requesting funds for projects at the Hiram Township Park. Kathy asked how the money would be used and what plans were in place for work to be performed in 2015. Tim stated that this year the parking area and drive would be started, along with park signage. Also, volunteer help will be solicited for help with developing and clearing trails. Tim requested \$5000. Bob Wood made a motion to award the Township Park \$2000. Cristine seconded. All voted aye.

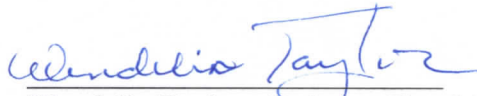

Kathy stated that the Beautification budget is currently \$11,560. \$1,000 has been allocated to hanging baskets which the Street Department place and maintain. The suggestion was made by Cristine for the Beautification Commission to meet twice yearly to hear proposals for beautification projects, followed by a review and award process. All present agreed that would be a reasonable process and should be considered. Kathy suggested the Commission hold 2 to 3 meetings each year to hear presentations/requests for project funds. These meetings will be held once in the spring and again in August or as needed. Cristine motioned to accept. Bob seconded. All voted aye.

Kathy requested a letter be drafted requesting a release of funds from the Hiram Community Beautification Fund for the Beautification Commission. A letter will be drafted by Wendelin and forwarded to Kathy for submission.

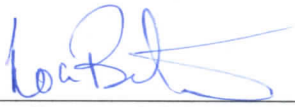

The next meeting is set for Thursday, August 6, 2015 at 8:30 AM.

Kathy made a motion to adjourn. Bob seconded. Meeting adjourned at 9:24 a.m.
